

New & Featured Products - Week of 3/31

- **Alesong Single Origin Farmhouse** - Estate grown farmhouse ale spontaneously fermented on Reisling grapes In Single Origin, we're thrilled to offer for the first time a beer created entirely from a single source, with 100% of the ingredients coming from Silverton's Goschie Farms: Goschie barley and hops are joined by Goschie Riesling and fermented spontaneously using the microflora naturally occurring on those grapes. We hope you sense every aspect of Goschie terroir with each successive sip (draft & bottles available)
- **Alesong Cuvée Soleil Sour** - Mimosa-Inspired Sour ale aged in French Oak barrels with Pinot Gris grapes and tangerine. Taking inspiration from the classic brunch cocktail, Cuvée Soleil is an oak-aged sour beer, matured with pinot gris grapes grown right next door at King Estate and finished on bright and sweet tangerine that jumps from your glass. Tart and juicy with just a hint of sweetness, this beer will transport you from wherever you are to that perfect sunny patio brunch. Santé! (draft & bottles available)
- **Alesong Cinnamon Roll Maestro** - Barleywine aged in whiskey barrels with Cinnamon and Vanilla Beans. Spicy cassia cinnamon balances with the sultry flavors of whole vanilla beans to add an unmistakable pastry essence to the caramel and toffee notes of our classic English-style barleywine ale. Maturation in Portland's Westward Whiskey barrels adds notes of oak and layers of depth to contemplate as you sip by a crackling fire (draft & bottles available)
- **Baumans Boysenberry Lemonade** - Luscious Bauman's Boysenberries beautifully blended with fresh-squeezed lemon juice and zest for a refreshing semi-sweet fruity cider (draft & bottles available)
- **de Garde The Serine** - A Spontaneous Wild Ale with Syrah Grapes, Aged in Oak Barrels for Three Years (bottles available)
- **Future Primitive Hurleys Hef** - Our traditional German style hefeweizen is back! Just in time for the warmer months. This wheat beer is 50% wheat and 50% malt with a 5-step mash. Notes of banana, clove and a touch of vanilla in the nose with a medium body and refreshing finish (draft & cans available)
- **Future Primitive Cell Phone Parking Lot Hazy IPA** - The Cell Phone Parking Lot IPA. 13 minutes from tap to tarmac! This tasty IPA has a blast of orange, mandarin and clementine, balanced by notes of grapefruit and floral citrus. The distinct taste of Mandarina Bavaria hops and Cascade hops shine through this IPA, giving it a very juicy and tasty beer, for that dreaded trip to SeaTac airport! (draft & cans available)
- **Hetty Alice West Coast Pils** - Pours a radiant golden straw with a pillowy white foam. Nelson and Mosaic shine here. Aromas of starfruit, mango and white grape precede playful flavors of mandarin, guava and blueberry before a crisp, resplendent finish. 5.6% ABV 100% RADICAL! (cans available)
- **Hetty Alice Dry Irish Stout** - Pours in an inky cascade with everlasting off-white foam. Aromas of roasting coffee and baker's chocolate lead to velvety smooth flavors of nougat and cacao before a long, smooth, roasty finish. 5.3% ABV 100% GOODNESS! (draft available)
- **Little Beast Escape Goat NZ IPA** - West-Coasty with distinctive dry hop of Rakau, Nelson, Nectaron (draft & cans available)
- **Little Beast Getting' Froggy Hazy IPA** - Crushable hazy, big hop character, silky smooth carbonation. Mosaic Cryo & Simcoe Cryo in the dry hop. Notes of mandarin orange, mango, red grapefruit and some danky dank (draft & cans available)
- **Living Haus Geezer WC IPA** - This epic collab is loaded with Krush, Strata, Columbus Cryo, and Chinook hops which are layered over Pilsner and 2 Row malts. Berry and mango are super punchy while dank and citrus undertones follow behind in the finish (draft available)
- **Living Haus Connie WC Pils** - Connie is packed with Indie Hops Oregon grown Luminosa hops along with Citra and Simcoe. The Luminosa hops have notes of peach-mango lemonade and are so fruity! They pair so well with tropical Citra and juicy Simcoe! (draft & cans available)
- **Living Haus Babi Dark Czech Lager** - Babi is a Czech Dark Lager, or Černé Pivo as the Czech say. Pilsner, Vienna, and a little roasted malts were decocted in the mash to provide more malt depth. We then hopped this beer with only the finest Czech Saaz and the results showcase notes of cracker, roast, and cola with a spicy Saaz aroma (cans available)
- **Living Haus Dottie Italian Pilsner** - Dottie is the second release in our Italian Pilsner series and we think she's a winner. A blend of Pilsner malts meet Hallertau Blanc, Spalter Select and Saaz hops. Lemon balm, notes of light grass and lilac are layered over a simple, breadly malt profile (cans available)
- **Lowercase London Lager** - The UK in glass through a collaboration with Machine House Brewing! This beer is malty and delicious with a pronounced cereal-like flavor. All UK ingredients, cold conditioned like lagers should be (1/6bbl draft & cans available)
- **Lowercase Canadian Lager** - A pilsner made with Canadian Malt and Canada's own pride and joy, the new hop known as Sasquatch. Beauty, eh! (1/6bbl draft & cans available)
- **Norte Tucan WC IPA** - Saying that this IPA displays hop aromas as vibrant as our friend El Tucán is pretty on mark. Always chatty and friendly while hanging around the fruit trees, El Tucán showcases the flavors and aromas of citrus and tropical fruit. May you enjoy it with your own durante (flock)! (draft & cans available)
- **Sig Shook and Shake Strawberry Milkshake IPA** - Milkshake style IPA brewed with milk sugar, oats and wheat. Gentle kettle hopped with French Barbe Rouge hops and dry hopped with HBC 1019 Lupomax. Finished on strawberry puree and vanilla for a silky milkshake finish. (Note, this beer is full bodied but NOT a smoothie, thus will not settle in the keg) (draft available)
- **Sig Suedehead Hazy IPA** - Hazy IPA brewed with Cascade and DDH'd with Strata and Vista hops. Fermented with a yeast stain that kicks off a lot of orange/citrus character. Vibrant and fresh citrus pith make way to the dank and fruity combination of Vista and Strata (draft available)
- **Sig Pilsifer New American Pilsner** - Our dry hopped Pils returns after a brief hiatus. This is a fun one as it was kettle hopped with Mosaic and dry hopped with NZ

- Kohia Nelson, which is Freestyle Hops blend of passionfruit skins and Nelson Sauvignon hops grown in Nelson Lakes, NZ. 5.6% abv (cans available)
- **Sig Ritual Dance Hazy IPA** - Hazy IPA brewed with NZ Motueka and DDH'd with Nectarone, Krush Lupomax, and Riwaka SubZero Hop Kief. 7.3% abv (cans available)
 - **Sig Quattourdecuple Hazy Quad IPA** - 14x Dry hopped hazy quadruple IPA. 12.3% abv (draft & cans available)
 - **Sig Pippa's Pivo** - Czech style Pils brewed with Pilsner, Vienna, and a touch of Melanoidin malt and hopped exclusively with Czech Saaz hops. With a dialed in water profile designed to emulate that of the Pilsen region of Czech Republic, this beer is really dialed in offering a bright yet noble hop profile with just a touch of cracker/bready backbone and offering supreme drinkability. 5.0% abv (draft & cans available)
 - **Sig White Denim Pale Ale** - Modern pale ale brewed with 2-Row and Light Munich malts. Kettle hopped with Mosaic and a touch of Columbus Cryo, then DDH'd with Nectarone and Eldorado Cryo. Fermented with an expressive hazy yeast strain but filtered for clarity before packaging. Basically all the bursting aromas of a hazy Pale but more refined and drinkable due to filtration. 5.6% abv (draft available)
 - **Sig Sun Kissed WC IPA** - West coast IPA brewed with Elani and Citra Incognito hop oil. Aggressively dry hopped with Simcoe Cryo hops and finished with Clementine Skyfarm oil from Abstrax hops. 7.8% abv (1/6bbl draft available)
 - **Single Hill Quiet Legend Pale** - Quiet Legend has long talons of Citra that will sink into your taste buds. Clear and clean, this pale ale is a modern take on the classic style (cans available)
 - **Single Hill Tectonic Chronic DDH WC IPA** - Columbus Cryo, in a word, is dank. So we paired it up with Simcoe for a classic pine and grapefruit edge and Amarillo for its orange and floral notes in this year's release of our fan-favorite DDH WC IPA! (draft & cans available)
 - **Single Hill Cerveza Mexican Lager** - From our hands to your hands, take this crisp lager with you on the river, on a hike, to a cookout, or wherever you choose to enjoy a cold one with friends (draft & cans available)
 - **Single Hill In Phase Stout** - Dark like a cloudless sky, roasty and full bodied. Perfect for long nights spent gazing at the stars (draft & cans available)
 - **Single Hill Berry Thief Sour** - An artful and tartful explosion, this fruited sour is loaded to brim with raspberries, giving the beer a pink hue and a refreshing, tart bite (draft & cans available)
 - **Single Hill Flavor Crystals Hazy IPA** - Crack open a geode of delicious hops! Rock tumbled strawberry, kiwi, and white grape aromas emerge from a soft, pillowy pilsner malt base. Strata, Mosaic, Nelson Sauvignon (draft & cans available)
 - **Stemma Mosaic Single Hop IPA** - Part of our single hop series featuring 100% Mosaic hops. Medium body and mild sweetness give way to juicy Mosaic Hop flavors of blueberries and stone fruits (cans available)
 - **Trap Door DREAM WC IPA** - This WC IPA is our entry into the prestigious Alpha King Challenge. We layered Mosaic incognito, Mosaic, and Mosaic Cryo alongside HBC 586 and some dank Nelson to create a modern fruit forward IPA that still carried some classic dank bitterness (draft & cans available)
 - **Trap Door Normcore WC IPA** - Normcore is an extremely normal IPA - aka an unfiltered New Zealand style West Coast IPA with Citra, Krush Lupomax, Riwaka, and Nelson. Expect proper bitterness with some rad tropical fruit notes in the Modern WCIPA (draft & cans available)
 - **Trap Door Zest Fest Pale** - Our most anticipated seasonal is finally here. Zest Fest is our annual grapefruit Pale Ale made with a ton of Ruby Red grapefruit puree and zest. Brewed with a light malt body of pilsner, wheat, and oats. Amarillo and Citra hops provide a citrus and grapefruit background, and then it's conditioned on the zest for 1 week before being packaged. Soft pillowy mouthfeel, with a fleeting bitterness from the grapefruit and huge juicy aromas of grapefruit (draft & cans available)
 - **Trap Door Day Beer WC Pils** - Not quite a pilsner and not quite a West Coast IPA. Fermented cold with a generous lagering time this 5.8% beer drinks crisp and refreshing while having a strong hop presence. The Motueka & Mosaic brings on notes of mango, peach, lime, lemongrass and tropical fruit (draft & cans available)
 - **Triceratops Azacca Hazy Pale** - This hazy pale delivers a lush and juicy experience, spotlighting the tropical vibrancy of Azacca hops and the earthy complexity of Topaz hops. The aroma bursts with notes of ripe mango, pineapple, and zesty citrus, balanced by a subtle hint of resinous pine and stone fruit (draft & cans available)
 - **Triceratops BoShank Cold IPA** - This crisp and refreshing Cold IPA packs a punch with its unique hop blend of Alora and Topaz. Expect a bright burst of tropical fruit, citrus zest, and subtle pine notes, balanced, and a crisp finish. Bo-Shank is a hobo's dream of bold flavor and effortless drinkability. Perfect for those who wander and those who wonder. ABV 6.5% (cans available)
 - **Zoiglhaus Hopped to Helles** - Hopped to Helles starts with the Zoiglhaus brewers casting out our Gold-Medal winning Zoigl-Hell. During fermentation we then smite the beer (dry hop) with even more Hallertauer Mittelfrüh and Saaz hops. The spicy and herbal hop aromatics may not be fire and brimstone, but they won't leave you in limbo, either. Noble in nature, devilishly delicious! (draft & cans available)
 - **Zoigl Super Pils 2.0 WC Pilsner** - THIS LOOKS LIKE A JOB FOR ZOIGL! SUPER PILS COMBINES THE POWER OF GERMAN-STYLE MASHING AND FERMENTATION WITH THE DRY HOPPING OF THE WEST COAST. THERE IS NO KRYPTONITE IN THIS PILSNER, JUST A BLAST OF MALT CRISPNESS AND HOP FLAVORS AND AROMAS. WITH GREAT BEER COMES GREAT RESPONSIBILITY (draft & cans available)
